

Covid-19 Procedures for Parents/Carers

Please see this short 6 point guide for parents

- **Please make sure your gymnast arrives on time. Due to staff numbers we cannot admit entry to gym if they arrive late or at the wrong time.**
- **A parent/carer MUST be present while the gymnast's temperature is taken; you may then leave your child if their temperature is ok and no Covid-19 symptoms are showing**
- **All personal belongings are to be taken away with the parent/carer; this includes shoes, phones etc – there is no space to leave ANY personal items at gym.**
- **Gymnasts should arrive ready for class in a freshly washed clean leotard and shorts as we can no longer provide changing facilities. Gymnasts do not need to wear a mask.**
- **Gymnasts are required to use the hand sanitiser provided by NDDGC ONLY – they cannot bring their own.**
- **We are operating a one way system. Gymnasts should arrive at the front door and will exit by the rear door (to carpark) – parents/carers must be there to greet them on time – we do not have extra coaches available to look after your child if you are late.**

Further Terms and Conditions and Club Policies are available on the club Website www.northdevongymnastics.org.uk and should be read by all Members prior to attending gym class.

The health and safety of all our gymnasts and staff is our top priority. Please be reassured we are following specialised guidance provided by the Government, British Gymnastics & Sport England.
