

Covid-19

Special Terms and Conditions

- For the duration of the new Covid-19 session arrangements, due to the restrictions on class numbers and increased Staffing costs, we will not be offering Sibling Discount. This will be regularly reviewed.
- If there is a further Covid-19 spike and the Government instructs gymnastic clubs to close we will credit Member accounts with the class fees for classes missed during the closure.
- If a Gymnast displays Covid-19 symptoms during a gym class - having previously shown a normal temperature at the beginning of class – the child will be isolated in the Club's office and their parents called to collect them immediately.

Parents of all other gymnasts on site at the time will also be called to collect them. The Club will then close for the remainder of that evening and parents of all gymnasts due to attend later that evening will also be called to inform them of the closure.

The Club will be deep-cleaned and fogged with anti-viral disinfectant ready to be reopened the following day.

Refunds will not be given for one-off classes cancelled due to a gymnast showing Covid-19 symptoms as the Club will still have an obligation to pay overheads.

- Gymnasts not admitted to gym due to high temperatures will not have class fees refunded.
- Gymnasts arriving late to class will not have class fees refunded.

You can be reassured that your children's health and welfare is our Priority.
